Re: Let's Get Started / Agency Visits

It's time for our next program, "Let's Get Started." To help you get the most out of your Tampa Connection experience, this event will build upon your introduction to The Tampa Connection, as well as provide an opportunity for you to learn more about your team's project. One component of The Tampa Connection is networking, but does anyone really know what networking involves and how to make it successful? During this first class meeting, you will learn how to network. The featured speaker for the afternoon is Clint Babcock, who will present "Networking: How To Do It."

Following the presentations from the guest speakers, teams will meet with their respective Agency Representatives who will provide an overview of the Agency and the project. Start thinking about your questions. A Social Hour will follow.
